

Would Jesus Cut Welfare?

On Wed., Feb. 1st the House of Representatives will vote on the Federal Budget Reconciliation Bill (S.1932), which will slash funding for health & human services for poor children, cut mental health services for foster kids, reduce foster care payments for relative caregivers, and cut student loans . . .

while giving \$70 Billion in tax breaks to the rich!

Join thousands of concerned people from around the country for a national call-in to urge the House of Representatives to

Vote No on the Bush Budget Cut Bill!!!

In December the House passed a similar bill by only six votes – and one Republican has already changed his mind. Help us change the minds of **five** more legislators so we can beat this evil bill and protect poor children!

How can you help?

(1) Call the Capitol Switchboard toll-free at **800-426-8073** and ask for your Representative – urge them to protect poor children and vote NO on the Budget Reconciliation Bill!

(2) Also call Representative Mary Bono (R-Palm Springs) who is a possible swing vote on this bill and ask her to vote no on this bill! You can reach her D.C. office by calling **800-426-8073** and her district office in Palm Springs at **760-320-1076**.

“Destruction is certain for the unjust judges, for those who issue unfair laws. They deprive the poor, the widows, and the orphans. Yes, they rob widows and fatherless children! What will (they) do when I send desolation upon (them) from a distant land?” Isaiah 10:1-3
